A ZINE ABOUT  
LOVE SONGS

The lyrics that follow were sourced by contributors in March of 2026, pulled from songs that stay with them.

The idea of this zine is simple: contributors were asked to share their favorite love song lyrics. What they chose says everything—about who they are, who they were, and who they're still thinking about.

So here it is again:  
the old, old story of love,  
which still feels so new.

This time with love,

**“VACATION TOWN”  
THE FRONT BOTTOMS**

**I want  
to be the  
comfortable  
place that  
you write and  
read, watch  
TV, or deeply  
breathe**

**I miss the  
hours in the  
morning, and  
you in the  
morning hours**

“I think the greatest type of love isn’t always the grand romantic gestures, but the simple act of wanting to exist in the same space as a person. I think there is something sweet in the longing, the lingering.”

- Mikkel

*In other lifetimes,  
without any doubt*

“I found a love that makes me feel this way. These lyrics are just a great expression I feel for the man I adore. In every universe I’d look for him. He’s a love I longed for but never thought I’d have. but he came into my life like a bright light.”

- Ariah Tabor

“P.S. I LOVE YOU”  
PAULO PARTOHAP

*I'll keep choosing you*

**R**emember  
the first  
time that  
your shadow  
crossed  
my door

Sun from the  
shoreline  
made the dust  
dance 'cross  
my floor

**“SEA GETS HOTTER”**  
DURAND JONES AND THE INDICATIONS

Easy days of healing the  
scars from the battles that  
we won

I read the headlines, says  
there's harder roads to come

“These lyrics express that early type of love that we all tend to romanticize, before the tribulations of relationships rear their head. The first encounter with someone special is often looked at with rose-colored glasses, when even a dusty and dirty floor contributes to the magic of meeting that special person before things get hard.”

- Jose Nunez

**You must have  
known that I  
had feelings  
deep enough  
to swim in**

**That's when  
you opened  
up your heart,  
and you told  
me told me to  
come in**

"These lyrics encapsulate the whole song which is about vulnerability paying off to find wonderful love. Plus Luther Vandross had the most beautiful voice!"

- Alena

**"NEVER TOO MUCH"  
LUTHER VANDROSS**

**And I know  
the gods will  
abandon the  
heavens just  
to find us**

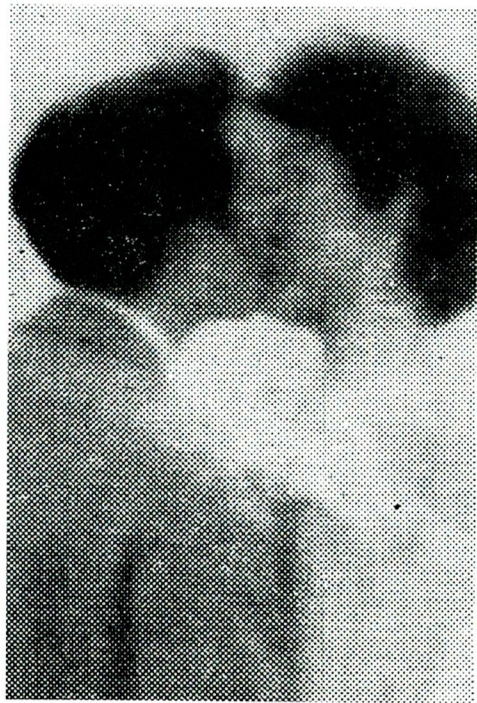

**To merely  
behold you as  
we lie down  
together**

"I wrote this lyric down in my first Valentine's Day card for my girlfriend. It's so ethereal and speaks to the grandiosity of love that's to the point where the gods will abandon their post to be in awe of the love between the two."

- Simon

**"DRAG ME UNDER"  
SLEEP TOKEN**

**He kissed me  
in a way that  
I've never  
been kissed  
before**

**Kissed me in  
a way that  
I want to be  
kissed forever  
more**

"I'd been in love with my husband for 20 years before we got together. He put this song on the jukebox of our favorite bar the night after we finally made it click."

- Elliott W Stewart-Sundahl

**"THEN HE KISSED ME"  
THE CRYSTALS**

**And as the  
night started  
swallowing**

**You put the  
blood to my  
blue lips**

**Forced the  
life through  
still veins**

***Filled my  
heart with red  
again***

- Eva Jo Morrow

**"LIVING IN COLOUR"  
FRIGHTENED RABBIT**

*Pluck my soul cords*

"I often listen to this song when I'm feeling a bit down or over giving and need a reminder to also love myself. There's something about the rhythm and the way Babo sings it that feels like it's connecting to me."

- Iris Everbloom

**"I'M OK"**  
26 BATS!

*Yeah, you make me warm*

**“DEAD SEA”**  
**THE LUMINEERS**

**I need  
somebody,  
I needed  
someone I  
could trust**

**I don't gamble, but if I  
did I would bet on us**

“I'm not a gambler, but I would bet it all on the love of my life and I have. This is the song we danced to on our wedding day nearly nine years ago. I'll love you forever, T.”

- M.

**I'll sleep in  
museums**

**While you  
take all day to  
see 'em**

**Meet me in  
the lobby  
*and I'll bring  
you home***

"I have loved this band since MySpace. This is the only "love/romantic" song they have ever made. It was released the year I got serious with my now husband."

- Trevor Iwata

**"HAPPY IF YOU'RE HAPPY"  
MATT & KIM**

**Just talking over cigarettes  
and drinking coffee**

**And oh, my heart cries out**

**Love, at last I've found you**

**And honey,  
won't you  
let me?**

**Just build  
my whole life  
around you?**

"We've stayed up till the sun rises,  
dancing in the kitchen to this song.  
Opening the screen door to smell  
the morning dew and have one last  
cigarette. Finally collapsing into bed  
with the cat. Won't you let me build my  
whole life around you?"

- Sydney Levitt

**"CIGARETTES AND COFFEE"  
OTIS REDDING**

**Tanto tiempo  
disfrutamos  
de este amor**

*So much time we enjoy this love*

**Nuestras  
almas se  
acercaron,  
tanto así**

*Our souls were so connected*

**Que yo guardo  
tu sabor,**

*That I carry your flavor*

**pero tú llevas  
también sabor  
a mí**

*And you also carry mine*

- Brenda

**"SABOR A MÍ"  
LUIS MIGUEL**
